## TAX RECEIPTS ARE \$21,325.54 LESS THIS YEAR

Graded Schools Added to  
Tax Lists in Graded Dis-  
tricts This Year

### SHERIFF HAS THE BOOKS

The State and county taxes are less this year as the result of the reduction in the real estate tax by the state legislature and Deputy County Clerk E. G. Neale has computed the savings to real estate owners in the three tax classifications. The real estate tax was reduced from 30 cents to 5 cents.

A reduction of \$15,177.31 was made in the state tax with the 1933 list being \$24,363.07 while the 1934 list totals \$9,185.76. In the county taxes a reduction of \$3,189.15 was made with a 1934 list of \$48,040.30 as compared with the 1933 of \$51,229.45. In the common school tax the reduction was \$2,950.09 with a 1933 list of \$38,207.37 as compared to \$35,248.29 for 1934. The total difference in all three taxes was \$21,325.54 with a total 1933 list of \$113,799.89 as compared to \$92,474.35 for 1934. The graded school taxes have been placed on the regular tax receipts this year in districts that have graded schools. The graded school taxes for 1934 are \$22,945.56. The graded school taxes added to the county, state, and common school taxes fixes the total taxes for 1934 at \$115,429.90.

The tax books have been completed by the county court clerk and were turned over to Sheriff Carl B. King last Thursday. Sheriff King has opened the books for payment of taxes.

## Success of Modernization Program Hinges on Co-operation of Public

The public-home owners, financial executives and industrial men will determine the success of the Better Housing Program. The Federal Housing Administration provides the plan and works out the details, the remainder hinges upon the cooperation it receives from the rest of the nation.

With the launching of this immense plan, thousands of owners of homes and other buildings will be able to make necessary repairs, alterations and improvements on their property by taking advantage of the attractive loan basis made possible by the F. H. A. The loans may be obtained from local agencies collaborating with the Government for repairing, altering or improving existing buildings on the grounds.

Financial institutions will find the type of loan sponsored by the Federal Housing Administration to be one of the safest that can be made, since in very few cases, if any, will losses be greater than the amount insured by the Administration.

## COUNTY FAIR TO BE HELD HERE OCTOBER 19-20

Committee on Finance Soliciting Funds For List; Barn to be Selected

### GOOD FAIR SEEN; THIRD YEAR EVENT

The Calloway county school and county fair will be held again this year on Friday and Saturday, October 19-20, have been named as showing dates. The barn for the fair has not been selected but definite plans for the showing are being worked out rapidly for one of the best exhibitions since the starting of the county and community project three years ago.

The finance committee is composed of M. O. Wrather, Gardie Lassiter, Hugh Gingles, Rudy Hendon, Elbert Houston, T. C. Arnett, Perry Thornton and Wells Purdom. All members of the committee have served in the work before and are progressing nicely in the raising of funds. M. O. Wrather has served in a major capacity during the first two fairs as has other members of the group. Mr. Wrather has given liberally of his time and the success of the fairs has in no small part been due to his efforts. He has been assisted each time however by numerous city and county persons who worked incessantly for the putting on a fine exhibition.

The merchants and business and professional people of Murray and the county are again responding in the soliciting of funds and are to be praised for their community interest. The premium list for the first year totaled \$2000 and for the year \$400. The list for this year has not been planned but it is expected to be again generous. Mr. Wrather states, "The fair has been a financial success each year and has been able to pay all obligations."

School teachers have done much each year with excellent displays and entrants in the showing last year totaled 40 of the schools and high schools. Some members of the school committee have been named and work is already under way for this department. Practically the entire working organization will be named this week and the premium list will be prepared this coming week.

The event will have four departments: farm products, woman's department, livestock, including Jersey cattle, poultry, and swine, and the school department. With the excellent crops in this section, and unusually good tobacco and advance in price of dairy cattle and renewed interest in schools, a better fair than ever is expected. Visitors to the fair last year pronounced it the best fair of its type ever viewed.

## Rains Damage Roads

I am asking the cooperation of all land owners and tenants in clearing road sides so that ditches may be opened to stop washing away of gravel that has been put on county roads at a great expense to the county and those who did much of the work free.

Many roads are being washed by the excessive rains recently and doing much damage that might be avoided if those living along the roads would cut out the growth in the ditches and on the shoulders to prevent the overflow of the side ditches and to cut out the growth at the mouth of the cross ditches that are stopping the main drains. Many places along the side ditches are grown up and the water is washing the gravel from the hill roads.

If the road sides are cut out this fall and with a little cooperation from the public it will save many of the already graveled roads and enable me next spring to start early opening and widening roads. A pound of cooperation will be worth more than a TON of complaint after the roads are washed away. I will be glad to do the cross ditches and cut out and cleared the road side. I will go to their aid in improving their road as fast as possible.

Many road sides will yield enough brush to burn a plant bed if cut and piled now, or will stop many gulleys near by.

Thanking all in advance for such cooperation.

I am respectfully  
C. C. Phillips,  
Co. Road Supervisor.

## LOCAL COMMERCE GROUP WORKS FOR 6 MAJOR PROJECTS

Aurora Dam, Cotton Relief, New Factories, Research, Included

### ORGANIZATION PLANS INDUSTRIAL GROWTH

The Murray Chamber of Commerce with Mayor W. S. Swann as president, is actively at work on at least six major projects that may mean much in the economic advancement of the city and county, the secretary reported today.

First and foremost is the Aurora Dam project. Heartening information has been obtained from Knoxville and Washington where it was learned that an increased allocation has been made to the TVA. Bids have been asked by the government for cement to be used in 10 dams, including Aurora. David Lillenthal has returned from England and is expected to have a part in settling the TVA-Waldo controversy. Senator Barkley and Congressman Gregory are in Washington urging the early construction of the project.

Cooperating with the County Agent's office and the glimmer of the Murray Chamber of Commerce is assisting in the move to secure an adjustment of the cotton processing tax that may mean several thousands of dollars to the growers of this section. The recent announcement of a plan whereby growers may purchase surplus tax exemption certificates is likely to represent a saving of approximately \$8,000 to \$10,000 to Calloway county. The Chamber of Commerce has been working for this.

Investigations are being made by the organization relative to securing new factories and industries. When the Aurora Dam is started and the textile strike is ended, results along these lines are certain to be very favorable. Several requests for information on Calloway's resources have been received by the local office.

Research on the clay resources of the county has proved that this section has material of immense potential value. Further investigation is being made, including communication with the TVA in regard to possible potteries and clay mines.

The Hon. Moses R. Glenn, chairman of the Kentucky Railroad Commission has assured the Murray Chamber of Commerce that he is making an effort to complete a general investigation of freight rates, including those of Western Kentucky. The Commission, he said, last week had a conference with the Governor on the matter regarding state rates.

The Murray organization has effected an arrangement with a railway official at Nashville whereby an industrial survey of Murray and Calloway County will be distributed to leading firms and manufacturers which might be interested in establishing factories here.

In cooperation with the Ledger & Times and the business firms of the city, an advertising program has been prepared for wide distribution. The material to be sent out includes a specially prepared map showing the location of Murray in reference to the Aurora Dam, leading highways, rivers, and distances to various large cities nearby.

## Games Won 19 of 28 During Season

By virtue of winning the last half with 12 victories and finishing in a tie for second the first half, the Jones team tied the Murray softball league on the whole season's play. The Pill-Rollers captured 19 of the 28 games during the regular season.

Sunburst, first half winner, Parker Garage and Model Cleaners tied for second with 16 wins against 12 losses. No other team won as many as half of its games and no squad split even on the year's work.

Sunburst dropped to seventh the final half while Model Cleaners dropped from seventh to second. The Parker Garage team played consistently throughout the year, finishing second and fourth respectively.

Seasons totals are as follows:

	Won	Lost
Jones Drug	19	9
Sunburst	16	12
Model Cleaners	16	12
Parker Garage	16	12
Bank of Murray	13	15
Rezell Drugs	13	15
Vandeveld	10	18
Bluebirds	9	19

Many Green county farmers are reporting good crops.

## Cotton Prices Are Much Higher Here

A cotton gin began buying cotton here last week. About 13 cents per pound was paid for line cotton compared with 6 cents opening day a year ago.

The Calloway county yield was estimated at 1,300 bales this year, much above the average. County Agent J. T. Cochran said. He told the Murray Chamber of Commerce that plans are being made whereby growers may purchase surplus tax exemption certificates from the government pool, secured from drought stricken areas. The estimated saving to growers in this county is \$12,000.

## Schools Right to Borrow Tested

FRANKFORT, Ky., Sept. 17.—A suit seeking construction of the legislative act authorizing the University of Kentucky and state teachers colleges to borrow money for improvements was filed in circuit court here today against the regents of Morehead State Teachers College by James C. Clay, Rowan county taxpayer.

The suit stated Morehead college is attempting to negotiate a federal loan of \$250,000 to construct a water, heating, power and light plant and contended the act authorizes the borrowing only for erection of school buildings. The suit claimed a utility plant is not a school building.

## County Students Being Vaccinated

Calloway county high schools are being visited by Dr. J. A. Outland and Mrs. Outland and students are being vaccinated for typhoid and smallpox. The county high schools are working for 100 per cent smallpox vaccination. Typhoid vaccines were given to 100 pupils at Faxon, 60 at Hazel, and 80 at Concord. Smallpox vaccines were given to 15 at Faxon, 10 at Hazel, and 2 at Concord. The work has been completed at these three schools and others are being completed this week. Three trips are necessary to each school to complete the giving of typhoid shots.

## President Invited To View Aurora

## AURORA DAM IS NEARER AS TVA GETS \$15,000,000 MORE

### "Aunt Mary," Slave of Stubblefields, is Dead

"Aunt Mary" Stubblefield, said by some to have been 110 years old and who was the slave of the parents of the late Nathan Stubblefield and Walter Stubblefield, Murray, died Friday at her home between Buffalo and Pine Bluff on the east side of the county, three miles east of Concord.

"Aunt Mary" was one of the old southern type of negroes, of whom there are but a handful left in the south, and her death was keenly regretted by all the family.

She was the slave of Beverly Stubblefield who came to this county from Rockingham, North Carolina about 85 years ago. "Aunt Mary" is known to have been 35 years old at the outbreak of the Civil War. She was referred to and known as "Aunt Mary Beverly."

Aunt Mary had made her home with her son, R. G. Stubblefield for many years and they had not been separated since his birth 60 years ago. The Stubblefield family is one of the few colored families on the East side of the county and have extensive land holdings and are respected as high type citizens.

Aunt Mary had lived on her farm for 24 years and her death was expected for several days. Funeral services were held Saturday afternoon near Zion church at a colored cemetery. Hundreds were in attendance, many of them her white friends of that section.

## Local Project One of Four Mentioned in Dispatch

### GET CEMENT BIDS

W. S. Swann, president of the Lower Tennessee Valley Association, was told Tuesday by J. A. Olive, secretary, that he had learned from Knoxville, Tenn., that "The TVA would go ahead with its original plans of building more dams," including the probable construction of the Aurora Dam near here.

Mr. Olive stated that a news dispatch from Washington said the TVA had advertised for bids to be received September 28 for cement on 10 dams, including Aurora. Two of the 10 dams, Norris and Wheeler, are already under construction.

The report that the allotment to the TVA had been increased from \$25,000,000 to \$40,000,000 was confirmed at Washington, the Knoxville report showed.

The news from Washington Monday could mean only one thing; that the TVA would go ahead with its original plans of building more dams, the Knoxville dispatch stated, adding that work on the new dams might not start right away, as much preliminary work would be necessary before the actual construction would be started.

Another encouraging feature, according to Mr. Swann and Mr. Olive, was the statement that Aurora was one of the first four dams likely to be constructed. The four mentioned in this connection were Pickwick, Hiwassee, Aurora, and French Broad.

## HUNDREDS ATTEND CRAWFORD RITES

Services and Burial Here Sunday for Prominent Benton Merchant.

Hundreds of people from Paris, Puryear and other parts of Henry County attended the funeral of Manton G. Crawford, former head of the Crawford-Gallin chain stores, who died Saturday at the Riverside Hospital in Paducah, Ky. Funeral services were held Sunday afternoon at the First Baptist Church in Murray, Ky., with the Rev. J. E. Skinner officiating.

Mr. Crawford was stricken Thursday at his home in Benton and was removed to the Riverside hospital where he died shortly afterward. He was 55 years of age.

Mr. Crawford was born in Graves county, near Mayfield and established a store of his own at Wadesboro, Ky., at the age of 19. He went to Henry County about 30 years ago and established a store in Puryear.

It was in Puryear that he, and W. E. Gatlin, of this city, formed the First Crawford-Gallin store which was soon to grow to one of the largest chains in Tennessee. He stayed in Puryear until about four years ago, when he moved to Nashville and was elected president of the Crawford-Gallin chain. At this time there were 34 stores in the chain. In 1932 the firm went into bankruptcy and Mr. Crawford purchased one of the stores, located at Benton, and went into business alone. At the present time this firm occupies the largest building in Benton.

He was well known all over West Tennessee and was a lifelong member of the Baptist Church and while in Nashville was a member of the Emanuel Baptist Church.

Surviving are his father, A. B. Crawford, of near Mayfield, his widow, four daughters, Miss Lucille Crawford of Paducah; Mrs. Nat Porter Jr. of Omaha, Neb.; Miss Blanche Boyd Crawford and Miss Lois Crawford, of Benton; one brother, Verge Crawford, of Puryear, and one granddaughter, Elaine Jordan.

## Thoroughbreds Have Best Squad in History but Lack Pep; Frosh Out

Physically and potentially the Murray Thoroughbreds have the best squad in their history but the team does not display the wholehearted enthusiasm and determination to go places that it had last year. Unless there is an improvement in morale the Blue and Gold will not go very far on its 1934 schedule without a trimming and perhaps that's what the boys need to wake them up to the fact that no one is going to lay down in front of them because they were S. I. A. A. champions last year.

It is true that the Horses lost some extremely useful men from last year's team, notably Herman Shaw, Howard Allen, Ronald Brinkley, Capt. Cutter Bryant and Darom Grissom. The pick up from last year's frosh squad is all in all, but the Thoroughbreds already had plenty of backs so that doesn't hurt so much when it is considered that the juniors and seniors on the squad are a year older and a season more experienced than this time last year.

Of the seniors on the team, only Pedro Simmons, all-state S. I. A. A. end, is buckling down to business. However, Kent, King, Muse, Woodall, Alderson, Miller, Greenwell, Bugg have been handicapped

by illness and injury and Kent and King were in uniform for the first time this week. Both have had malaria.

Despite his illness, King was going through his paces with commendable vigor Monday and Tuesday but "Slim" was still unable to do more than take light exercise.

Muse was kicked in the eye Friday morning during a hefty scrimmage but had the bandages off Tuesday. He will not be able to re-enter the fray, however, until the first of next week. Captain Woodall was expected to have his damaged ankle ready for full-time action by the latter part of this week.

Bugg hurt a shoulder during a playful wrestle and Alderson, sophomore end of whom much is expected, sprained a tendon in his left wrist while making a tackle and is limited in his efforts. Miller, the other soph end, is still recovering from an appendicitis operation and will not be ready for duty for at least two more weeks.

The run of injuries and illnesses are causing Coach Stewart quite a bit of concern as the team went through last season with remarkable freedom from injury.

Some of the most inspiring work

this week has been turned in by "Big Iron," Land, the big, husky tackle from Jellico, Ky. Land is a big, tough hard-driving tackle that would delight the heart of any coach and this scribe makes bold to guess that quite a bit will be heard of this lad this fall.

Gunter, from Paducah, is making a fine showing at guard and may win a regular post there with Wesley becoming McKenzie's only substitute at center. Mullins, the dynamic little junior guard, is also turning in some scintillating performances.

Greenwell has found a new brace for his trick knee and was kicking in good form Tuesday. Greenwell, Elder and McCracken will probably share the quarterback responsibilities this season.

Jim Edd Diuguid, Murray boy, who has been developing rapidly at tackle, hurt his ankle Sunday and will be on the shelf a few days. Jim Edd is rapidly overcoming the awkwardness that had assailed him from growing too fast and should capture his letter this year and be a whale of a player in another year.

Jim Edd inherits his football from both sides of the house and has it in him.

The frosh, 34 strong, reported to Coach Miller Monday and were given a lecture on the Murray style of play and what was expected of them. They were issued uniforms Tuesday and several of them were given a brief test against the varsity.

Eight or ten of the new men show real promise and look like real Thoroughbred colts. Cochran, Paducah tackle, who was placed at end, J. D. Bryant, from Jellico, who was backing up the life and Dub Russell, Murray Tiger captain of last year, looked good in the preliminary workouts. The youngsters are:

Several hundred assembled at the "Dedication service" at Antioch last Sunday. Robert McGregor of Paducah, Perry Cotham, Charley Arnett and Luther Pogue, of the county, were the ministers. Carl Shockley, Johnny Myers, Fred Vetter, and Barton Myers were the song leaders. Every song sung was rendered perfect in pitch and time, without the "instrument." The Antioch Church of Christ was organized more than a hundred years ago.

**Murray Cubs Top Pine Bluff in Tenth**

The talented Camp Murray Cubs came from behind in the ninth to tie the score at one all and went on to defeat the juvenile Pine Bluff team 3-1 Sunday afternoon, September 16.

Cunningham, star twirler for the Cubs found this year's Pine Bluff team easier to handle than of yore. Only in two innings did

the inexperienced East Siders give the lank right-hander any trouble. Pitcher Willoughby of the Bluff tied off with a double in the third inning, the only extra base hit of the game. Lawson's single to left brought him home. Hits by Lawson and Thomas in the sixth, being all the safeties the Sub hurler allowed. He also fanned 12 and drove in the tying run in the ninth. The Cubs other two runs were scored in the tenth.

Southpaw Willoughby granted a total of 8 hits and struck out 6. In the event of Pine Bluff defeating the Cubs at Murray Sunday, September 23, another game will probably be played at Pine Bluff Sunday, September 30.

Score by innings:  
Cubs 0 0 0 0 0 0 1 2 3  
P. Bluff 0 0 1 0 0 0 0 0 1  
Batteries: Cubs—Cunningham and Ray; Pine Bluff: Willoughby and J. Elkins.

We especially want to thank you and compliment you for the wonderful way in which you have handled Mayfield and this institution.

I am sure that this paper will be read and appreciated by all who have opportunity of viewing it.

## Almo High School

A very interesting chapel program was given last Friday morning for the benefit of the high school and intermediate department by members of the faculty.

The subject discussed was "The Life of Crime Does Not Pay." Two teachers took a certain criminal and traced his career through life each one truly showing that a life of wrong living will end with no benefit.

The girls softball team met defeat Wednesday at Hardin, with the score 4-2. The Hardin girls returned the game Wednesday.

The next game being played at home is expected to be much closer than the one of last week.

The project taken up last year to beautify the campus was a success.

egg. The trees set are growing and the flowers are still in bloom. We hope to make a better showing the coming spring as we now have a taste of what can really be done with such little work if each one tries.

Almo-Faxon

The boys' soft ball team shut out Faxon Friday afternoon on the Almo diamond by 4-0 margin to go into the lead in the county league. Gaston Smith on the mound for the locals was in rare form letting the opposition down with two hits. Faxon played well but failed to hit as consistently as the locals. We are looking forward to the Concord game Friday and hope to make it three victories in a row.

Eleven former graduates are entering college this semester. Almo high wishes them as much success in the future as they have had in the past. Those entering Murray State College are: Mr. and Mrs. Hugh Phillips, Vernon Treathan, Leon and Leonard Burken, Jack Story, James Reeves, Lucille Clendenon, Pauline Stroud, and Ollie Barnett. Mark Keys Roberts entered Draughon's Business College at Paducah and Kathleen Innes Bethel Woman's College at Hopkinsville.

The boys of this school took a small amount of time last week and erected a large school bell at the rear of the school building. This is much more convenient than the small call bell used last year.

Gaston Smith, pitcher for the Almo softball team, hurled an excellent game Friday and has been chosen captain of the team.

The visitors the past week were: Vernon Treathan, Gladys Linn, Zena Bell Schroeder, Mervel Jeffery, Delcie Joslin, James Reeves, J. I. Grogan, and Mr. and Mrs. Hugh Phillips.

Norman Steele, a former student of this school, enrolled this week.

## S. Pleasant Grove

This community was well represented at the Tebe Underwood funeral Sunday at Hazel. Mrs. Sallie Smotherman and Mrs. Earl Smotherman of Paducah, sister-in-law and niece of J. S. Smotherman of this vicinity, also attended the funeral services of Mr. Underwood of whom they are relatives.

Jim Frank Myers, Mr. and Mrs. John Myers of Fremont, Ky., were Sunday visitors with their brother and uncle, Lee Myers, and family, with whom other relatives joined in the afternoon having attended the morning services here.

Mr. and Mrs. Olin Curbertson of Chicago were last week visitors of their uncle, Walter Jackson, and of their uncle, Walter Jackson, and Mrs. Jackson and cousin, Mrs. Bert Taylor, and Mr. Taylor. Mr. Curbertson's mother, nee Miss Ida Jackson, was reared in this vicinity.

At the missionary zone meeting at Pleasant Grove last Tuesday, an old time testimonial and praise service was enjoyed. Three mothers of preachers (and others) made beautiful talks. Mrs. Rains of near Murray, whose son, the Rev. Bryan Rains, Mrs. Bernard Scruggs, whose son, the Rev. Quincy Scruggs, and Mrs. W. A. Baker, whose husband is pastor of Hazel charge and their only son, the Rev. Cecil Baker, have active pastoral work in Memphis, conference. Mrs. O. J. Jennings spoke of the importance of used clothing and other necessities that could be spared and if sent to Mrs. Lula Risenhoover at Murray, would be given to the needy.

On last Sunday, Mrs. Tom Erwin enjoyed the celebration of her 72nd birthday with all her children and all but three grandchildren who live here, assembled at her home near Winswell where a bountiful dinner was spread.

Mr. and Mrs. Holmes Ellis moved to Lexington, Ky., last week where Mr. Ellis will finish his course in agriculture at the University of Kentucky, having resigned his position as assistant

county agent of Graves county. Mr. and Mrs. John Baker visited the latter's brother, Mr. Earl Bogard, and Mrs. Bogard near Murray last Sunday.

Saturday, October 6, is considered a national day for honoring the two million Sunday School teachers who give their services. If not convenient on Saturday, October 6, why not Sunday or some other more convenient date honor this band of workers. Some Calloway Sunday schools will show honor to their teachers with a program.

chased, and another machine and an oil stove will be added soon.

The entire school narrowly escaped injury on Monday, September 10, when lightning struck the large oak tree at the corner of the old building. The incident occurred just before the noon period and every room in the building was occupied by pupils. All were very much frightened and a few reported slight shocks. The only damage to the building was a few broken window panes. The softball team is practicing daily and will be ready to meet Almo Friday of this week.

### Arts and Crafts Club Has Meeting

The Arts and Crafts club enjoyed the hospitality of Mrs. Jesse Wallis Wednesday afternoon when they held their initial meeting of the club year in her home on South Sixth street.

Gorgeous fall flowers, grown in the Wallis gardens, enhanced the beauty of the rooms where the members and other guests enjoyed pleasant conversation, needlework, and an attractive display of handwork.

A delicious salad course was served during the social hour by the hostess assisted by her daughter-in-law, Mrs. Gingles Wallis.

The annual election of officers was presided over by Mrs. O. J. Jennings, chairman, and the following were elected to serve during the coming year:

Mrs. R. M. Pollard, president; Mrs. Jesse Wallis, vice-president; Mrs. Leland Owen, secretary and treasurer.

The guests upon departing, were invited to view the grounds about the Wallis home. Beautiful flower beds, bird baths, a charming fish pond, and the many handsome varieties of Dahlias blooming at this season made the place a most pleasing picture to behold.

Mrs. Wallis is one of Murray's pioneer dahlia growers and every fall many people in this section are attracted to her home to see her plants while they are in bloom.

The October meeting of the club is scheduled to meet with Mrs. Tom Williams on Wednesday, October tenth.

### COUNTY AGENT NOTES

A group of interested persons met Monday night and started plans for a fair. We set the date for October 19 and 20, and are expecting a large crowd with many exhibits. Make your plans to come Friday, Friday night, and Saturday and have a big time.

Contrary to my article of a week ago, we are writing this. We have just received word from our tobacco section that all farmers will be allowed to grow two acres of wheat this time if they will use it for home use and not let it get into commercial channels. This will still let the contract signers that have grown wheat the past two years grow as much as he has grown either one of these years.

According to Glynn E. Williams, assistant in cotton adjustment in Calloway, Marshall, and Graves counties, we quote the following information in regard to cotton. We have been informed by the State Allotment Board on Cotton that the exemption certificates will be ready for issue about the first of October. These certificates will be sent to the assistant in cotton adjustment in Murray as soon as the allotment board can set the allotments. The assistant will immediately notify the farmers when their certificates come in.

The tax on cotton not covered by exemption certificates has been set by the secretary of agriculture at 95¢ per pound of lint cotton. This means that if a farmer produces more cotton than his allotment calls for, he will be taxed a little over .05¢ per pound of lint cotton produced over his allotment, or about 0.00189 cent per pound of seed cotton produced over his allotment.

New regulations have been made under the Bankhead Act whereby a producer who gets more exemption certificates than his crop will cover can turn these excess certificates into cash by selling them through the assistant in cotton adjustment for that county, to other producers within the same county or if there are no buyers within the county, there has been formed a Certificate Pool in Washington, through which exemption certificates may be bought and sold, from producers in one section to producers in another section.

The producer may hold these exemption certificates over for next year, should the Act be in effect next year and provided he has excess certificates. The Department of Agriculture has set the exchange price on excess exemption certificates at 34¢ per pound, which is in lint cotton. This means that if a producer does not get much exemption and will have to pay tax of .067¢ on each pound of lint cotton over his allotment, he can purchase from the "Certificate Pool" in

Washington, through the county assistant in cotton adjustment, enough exemption certificates to cover all of his crop at 34¢ per pound or a saving of 0.07¢ per pound of lint cotton.

As soon as the allotments are made and the producers know how much of their cotton will be tax-free, they will know what steps to take about buying certificates from other producers in the south who will have excess certificates because of the drought cutting down their cotton crop this year.

All transfers or sales of exemption certificates must be made through the office of the county assistant in cotton adjustment.

J. T. Cochran  
County Agent

### SAFEGUARDING ALL INTERESTS

The Bell Telephone System is so organized and regulated that your interests as a user of the service are safeguarded, as well as the interests of the 800,000 or more individuals who have invested their savings in the business. The welfare of the army of 270,000 Bell telephone workers who build, maintain, and operate the business is equally safeguarded. To favor any one of these groups at the expense of the others would not only be poor judgment, but contrary to the fundamental policy of the business.

If the best interests of all the people are to be served, then revenues should be sufficient to assure the continuation of the best possible grade of telephone service and to insure the continued financial integrity of the business.

The earnings of the Southern Bell Telephone and Telegraph Company during the best years of its history have never exceeded 7% on its investment.

During the past three years the average was less than 5%, and in 1933 it dropped to about 4%.

Such inadequate earnings might easily have endangered the foundation structure of the business and hampered the service but for the Company's far-sighted policy of retaining each year a small part of the earnings to care for financial stress during unprofitable years.

As a result of this sound policy, telephone service has not been allowed to suffer, but on the contrary has been constantly improved during the past four years. And the scope of the service has been extended to the far corners of the earth, so that you can now talk to almost anyone, anywhere, at any time, quickly, and at a surprisingly small cost.

In this way the telephone company has fulfilled and will continue to fulfill its obligation to the public, that of furnishing the best possible service at a cost as low as is consistent with financial safety.

## W. D. Wilson Celebrates Ninety-Third Birthday

Many friends and descendants of William D. Wilson met at the home of W. H. Wilson, near Hazel, with whom "Uncle Billy" is living to celebrate his 93rd birthday September 16.

Mr. Wilson was born in 1841. When about 20 years of age he enlisted in Company K 46th Tennessee regiment of the Confederate Army. He fought for the Stars and Bars throughout the conflict, receiving several wounds and lost an arm in the fighting around Atlanta in the closing campaigns of the war.

After the close of the struggle he settled on a farm in Henry county and has been a citizen of that county ever since. He is hale and hearty and recalls vividly many of his war time experiences.

Those present were: Mr. and Mrs. J. H. Adams, Will Hutchens, Edna Mae Giles, Jim Whitlock, and Miss Alma Roberts of Murray, Mr. and Mrs. A. L.

After a pleasant day, the guests of Mr. Wilson separated with the hope that he may reach the century mark. The writer believes that Mr. Wilson and J. M. Hooper are the only surviving Confederate soldiers in Henry county.

Let Chevrolet tell its own story of riding and driving comfort

Make the ownership test

THE best way to get at the truth behind the fine things you hear and read about the new Chevrolet, is to get in the car and drive. Take this car, drive it over the same routes, in the same way you drive your present automobile, and let the results you can see and feel tell their own story. You have heard that Knee-Action makes bad roads good, and good roads better. A ride will prove it. You have heard that Chevrolet provides shock-proof steering, Syncro-Mesh gear-shifting, a remarkably flexible 80-horsepower engine, and cable-controlled brakes. A few minutes at

the wheel will show you what a difference these advancements make in safety and driving ease. And when the ride is over, and you step out refreshed and ready for more, you will know why so many thousands have found it impossible to return to ordinary driving after an experience like this. That is the Ownership Test—easy, enjoyable, and the most practical way to choose a car.

league the first season. The victory was clinched Friday night when the Pill Rollers defeated the Sunburst ten, winners of the first half 9 to 3 to make it three straight. The series was extended over almost two weeks as rain held up the play for more than a week.

Jones won the first game 11 to 2 and the second contest 18 to 5. The final game was closer contested by the Milkmen but they won behind the start and though they made two desperate rallies they could never draw even.

Purdum Outland pitched all three games for the Jones team and held the Sunburst boys to a total of 22 hits in the three games. They hit him harder in the final game than in either of the other two but fast fielding and some unfortunate base running cut down their scoring.

Jones counted three times in the first on Huie's single. Houston's home run, Bell's triple and a sacrifice fly. A fourth was counted in the third on hits by Robinson and Bell.

Sunburst pushed over a pair in their half of the third after a brilliant start in the first was nipped without a tally. McDaniel doubled

and Whitnell was safe on Houston's error. Parks popped to Houston but Boone's single counted Mac and Whitnell. Covington bounced to Trotter who made a nice throw home to nail Boone.

Huie hit a home run with two on to put Jones safely in the lead in the fifth and in the last half of that frame the Milkmen made their final bid.

Cutchin, who singled, and McDaniel, who was passed, counted on Whitnell's double. Whitnell advanced over the pan on two outfield flies. Thereafter, the game and series were over so far as the White and Gold players were concerned.

The Jones team again supported Outland in fine style with "Bull-dog" Huie pacing the hitters with a home run and single. Walter Boone played a fast game, afield for the Sunburst team and divided hitting honors for his side with Bill Whitnell, these two getting half of their team's blows.

The game scheduled between the Murray All-Stars and the Paducah Berghoff team of Paducah was called off when it was raining at seven o'clock.

Unless otherwise announced, softball is over for the season in Murray.

Players and officials will meet Thursday night at the court house to talk over plans for next season. No decisions will be reached, simply an open house confab to broadcast ideas to be considered around the stoves this winter.

## LYNN GROVE HI PLAYS SOFTBALL

120 In School Form 12 Teams to Play Regular League Schedule of Games: Use Noon Hour.

Lynn Grove High School has really gone in for softball with 120 students interested in the play while only 100 are listed in the senior high and the teams are taken from the seventh grade up. Practically all high school students are on teams.

The work is under Coach Burton Jeffrey, who has four girls team, four small boys teams and four larger boys teams. A regular league schedule is followed with three games being played at a time each noon hour. League scores and batting averages are being kept and much interest is being shown. ## Tigers Work With Enthusiasm to Show Up "Prophets of Disaster"

Coch Preston Holland, his assistant Paul Perdue and last but not least the entire squad of Murray High Tigers have worked with an enthusiastic diligence this week for their opening game of the season Saturday at Morganfield against the Guerrillas.

The Tigers are determined to show these "prophets of gloom" and "corporals of disaster" that they have a real football team this year and are going to win a nice percentage of their games, despite the fact that they only had five lettermen from last year on which to build a successful team.

The Tigers are entertaining no hopes of a conference championship but they came through last year with more victories than defeats despite the loss of a goodly number of letter men from the year before.

James Rudy Albritten has shown great promise of stellar performance at halfback and the ever dependable Dynamite Dunn is 15 pounds heavier this year, but as agile as ever.

McCoy and Elkins are two veteran ends who, with Captain Flora in the center, will steady the inexperienced guards and tackle. The Tigers are light in poundage but they are far above the average in speed and will probably depend on an open, offensive game.
